

# T35 System Specifications

35 Gallon Tote-A-Lube poly tanks are designed to store oil, lubricants and industrial fluids. Our containers are cleaner and more efficient than a drum or barrel; organize your shop by transferring fluids into our square stackable multi-fluid tanks. Configure fluid storage up to 4 stacked tanks to accommodate up to 4 fluids. 35 gallon tanks can also be stacked with other Tote-A-Lube tank sizes. Tanks can be customized with additional openings in either the top or sides.

## Standard 35 Gallon Tank Systems

System	T35-1 (1 Tank)	T35-2 (2 Tanks)	T35-3 (3 Tanks)	T35-4 (4 Tanks)
